

The following is a list of pharmacy technicians that were removed from the General Pharmaceutical Council register on 15 December 2011. Please note a pharmacy technician may have since restored their registration. The most accurate way to see if someone is, indeed, a registered pharmacy technician is to search our registers online at www.pharmacyregulation.org as this information is current. If you believe there is an inaccuracy in the list, please contact our Contact Centre on 020 3365 3400.
