2nd September 2019

Dear Mr McKendrick,

**Re: Reaccreditation of the MPharm degree course at Aston University**

On behalf of Aston Pharmacy School, I would like to thank you and the visiting accreditation team for your visit to the Pharmacy School and for confirming that the MPharm programme has been reaccredited for a full six years without any conditions.

We are pleased that the visiting team were supportive of the changes we were proposing for the programme, which will enhance Aston Pharmacy School's ability to produce pharmacy graduates who are able to enter and complete successfully their pre-registration training and join the register as competent pharmacists.

We note the recommendations made by the visiting team and will be able to demonstrate at the interim visit how we have taken these views into consideration.

Yours sincerely,

**Professor Chris Langley**

Head of Pharmacy  
Aston Pharmacy School
