2nd September 2019

Dear Mr McKendrick,

**Re: Reaccreditation of the Overseas Pharmacists' Assessment Programme (OSPAP) at
Aston University**

On behalf of Aston Pharmacy School, I would like to thank you and the visiting accreditation team for your visit to the Pharmacy School and for confirming that the OSPAP has been reaccredited for a full three years.

As demonstrated to the team during the visit, the proposed changes to our OSPAP will bring the programme in line with our MPharm programme to allow better learning, teaching and assessment activities to take place across the two cohorts. This will be of benefit to both cohorts and enable a wider sharing of cultures, values and experiences.

To enable this cross-programme integration to happen, we are pleased that the visiting team were supportive of the changes to the OSPAP taking place from the 2020-2021 cohort and will be happy to provide the team with additional information on the curriculum and delivery plan by the end of the 2019 calendar year as requested.

Yours sincerely,

Professor Chris Langley

Head of Pharmacy
Aston Pharmacy School
