Dear Joanne

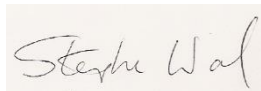

RE: Outcome of interim event of the MPharm degree course at the University of Bath

Thank you for your letter confirming that the Bath MPharm degree programme continues to meet the initial education and training standards for pharmacists, with no recommendations or conditions for the remainder of the accreditation period.

We will use the information provided in the GPhC Interim Event report to ensure the new programme produces high quality pharmacy graduates and future professional leaders.

May we thank your team for the convivial way in which both the satellite visits and the main visit were conducted.

Yours sincerely,

Professor Stephen Ward
Head of Department of Pharmacy and Pharmacology
