**Re: Reaccreditation of Buttercups Training Ltd Pharmacy Technician Programme**

Dear Chris,

Thank you for confirming the reaccreditation of our Pharmacy Technician programme for the next three years with no conditions or recommendations.

We agree that the accreditation report and record are an accurate reflection of the meetings with the panel.

Please extend our sincere thanks to your team and the accreditation panel.

As this was a new accreditation process, I am pleased to let you know that we found the process easy to understand and transparent and you were professional and fair in your approach.

Thank you once again – we look forward to working with you further in the future.

Yours sincerely,

Vanessa Kingsbury  
**Managing Director**  
Buttercups Training Ltd
