Dear Joanne

RE: Outcome of the GPhC Interim Event of the Liverpool John Moores University MPharm degree programme

Thank you for your letter confirming that the LJMU MPharm degree programme continues to meet the initial education and training standards for pharmacists, with no recommendations or conditions.

The pharmacy team will use the information provided in the GPhC Interim Event report to ensure the programme continues to develop and produce quality pharmacy graduates that align to the requirements of the professional workforce of the future.

Yours sincerely

A handwritten signature in black ink, appearing to read "CWM", followed by a long horizontal line that ends in a small flourish.
