

Accreditation and Recognition panel member

Name: David Hatrapal

Team member

Job title: Pharmacy Quality Assurance Manager, The London Clinic

David qualified as a pharmacy technician in January 2010 at King's College Hospital. He has worked in permanent and locum roles in MS licensed and unlicensed sterile and non-sterile production units across London over his career, and has expertise in quality risk management, GMP, clinical trials and medicines safety.

He joined The London Clinic in June 2017, to oversee the Pharmaceutical Quality System and provide quality support for the aseptic services unit and Pharmacy team.
