As well as ensuring compliance with the requirements of our Rules (in some cases, your position will require you to have a current professional registration - for example, if you hold the position of a registrant member or a legally qualified chair on a statutory committee), this will help us to get a better understanding of the range of skills, sector knowledge and experience that we have available to us across our various associate and partner groups.

*(For those associate groups whose registers of interests are published on our website, as a requirement of the Pharmacy Order 2010):*
