

# Survey of registered pharmacy professionals 2019: Index of report contents and analysis variables

# Main report analysis

## Profile of registrants

Overall profile of GPhC registrants	Figure 1	13
Profile of pharmacists on the GPhC register	Figure 2	14
Profile of pharmacy technicians on the GPhC register	Figure 3	15

## Response rates

Response rate by registrant type and prescribing status	Figure 4	17
Response rate by sex and age	Figure 5	17
Response rate by home location	Figure 6	17
Weighted respondent profile	Figure 7	18

## Year of registration

Pharmacists' year of registration by sex and age	Figure 8	20
Pharmacists' year of registration by race/ethnicity	Figure 9	21
Pharmacy technicians' year of registration by sex and age	Figure 10	21
Pharmacy technicians' year of registration by race/ethnicity	Figure 11	22

## Route to the register

Route to register for pharmacists by year of registration	Figure 12	22
Route to register for pharmacists by home location	Figure 13	23
Route to register for pharmacists by sex and age	Figure 14	23
Route to register for pharmacists by race/ethnicity	Figure 15	23
Route to register for pharmacy technicians by year of registration	Figure 16	24
Route to register for pharmacy technicians by home location	Figure 17	24
Route to register for pharmacy technicians by sex and age	Figure 18	25
Route to register for pharmacy technicians by race/ethnicity	Figure 19	25

## Working in a pharmacy role in last 12 months

Working in a pharmacy related role in the last 12 months by registrant type and prescribing status	Figure 20	27
--	-----------	----

Pharmacists working in a pharmacy related role in the last 12 months by sex and age	Figure 21	27
Pharmacists working in a pharmacy related role in the last 12 months by home location	Figure 22	27
Pharmacists working in a pharmacy related role in the last 12 months by race/ethnicity	Figure 23	28
Pharmacy technicians working in a pharmacy related role in the last 12 months by sex and age	Figure 24	28
Pharmacy technicians working in a pharmacy related role in the last 12 months by home location	Figure 25	28
Pharmacy technicians working in a pharmacy related role in the last 12 months by race/ethnicity	Figure 26	29

## Work settings in last 12 months

Settings worked in during the last 12 months by registrant type	Figure 27	30
Settings worked in by pharmacists during the last 12 months by sex and age	Figure 28	31
Settings worked in by pharmacists during the last 12 months by home location	Figure 29	33
Settings worked in by pharmacists during the last 12 months by race/ethnicity	Figure 30	34
Settings worked in by pharmacy technicians during the last 12 months by sex and age	Figure 31	36
Settings worked in by pharmacy technicians during the last 12 months by home location	Figure 32	37
Settings worked in by pharmacy technicians during the last 12 months by race/ethnicity	Figure 33	39

## Current working status

Current working status by registrant type and prescribing status	Figure 34	40
Pharmacists' current working status by year of registration	Figure 35	41
Pharmacists' current working status by sex and age	Figure 36	42
Pharmacists' current working status by home location	Figure 37	42
Pharmacists' current working status by race/ethnicity	Figure 38	43
Pharmacy technicians' current working status by year of registration	Figure 39	43
Pharmacy technicians' current working status by sex and age	Figure 40	44
Pharmacy technicians' current working status by home location	Figure 41	44
Pharmacy technicians' current working status by race/ethnicity	Figure 42	45

## Caring responsibilities

Working or not with caring responsibilities overall and by registrant type	Figure 43	46
Pharmacists' caring responsibilities by sex and age	Figure 44	47
Pharmacists' caring responsibilities by race/ethnicity	Figure 45	47
Pharmacists' caring responsibilities by home location	Figure 46	48
Pharmacy technicians' caring responsibilities by sex and age	Figure 47	49
Pharmacy technicians' caring responsibilities by race/ethnicity	Figure 48	49
Pharmacy technicians' caring responsibilities by home location	Figure 49	50

## Work-life balance

Satisfaction with work-life balance by registrant type	Figure 50	51
Pharmacists' satisfaction with work-life balance by sex and age	Figure 51	51
Pharmacists' satisfaction with work-life balance by race/ethnicity	Figure 52	51
Pharmacists' satisfaction with work-life balance by home location	Figure 53	52
Pharmacists' satisfaction with work-life balance by setting of main job	Figure 54	52
Pharmacy technicians' satisfaction with work-life balance by sex and age	Figure 55	53
Pharmacy technicians' satisfaction with work-life balance by race/ethnicity	Figure 56	53
Pharmacy technicians' satisfaction with work-life balance by home location	Figure 57	53
Pharmacy technicians' satisfaction with work-life balance by setting of main job	Figure 58	54

## Number of current pharmacy-related jobs

Number of current pharmacy related jobs in Great Britain by registrant type and prescribing status	Figure 59	56
Pharmacists' number of current pharmacy related jobs in Great Britain by year of registration	Figure 60	57
Pharmacists' number of current pharmacy related jobs in Great Britain by sex and age	Figure 61	57
Pharmacists' number of current pharmacy related jobs by home location	Figure 62	58
Pharmacists' number of current pharmacy related jobs by race/ethnicity	Figure 63	58
Pharmacists' number of current pharmacy related jobs by setting of main job	Figure 64	59

Pharmacy technicians' number of current pharmacy related jobs in Great Britain by year of registration	Figure 65	59
Pharmacy technicians' number of current pharmacy related jobs by sex and age	Figure 66	59
Pharmacy technicians' number of current pharmacy related jobs by home location	Figure 67	60
Pharmacy technicians' number of current pharmacy related jobs by race/ethnicity	Figure 68	60
Pharmacy technicians' number of current pharmacy related jobs by setting of main job	Figure 69	61

## Job titles in main job

Pharmacists' job titles in main job	Figure 70	62
Pharmacists' job titles by setting of main job	Figure 71	63
Pharmacists' job titles by route to register	Figure 72	63
Pharmacists' job titles by whether patient facing	Figure 73	64
Pharmacy technicians' job titles in main job	Figure 74	65
Pharmacy technicians' job titles by setting of main job	Figure 75	66
Pharmacy technicians' job titles by route to register	Figure 76	66
Pharmacy technicians' job titles by whether patient facing	Figure 77	67

## Location of main job

Location of main job by registrant type	Figure 78	68
Location of main job amongst pharmacists by sex and age	Figure 79	68
Location of main job amongst pharmacists by race/ethnicity	Figure 80	69
Location of main job amongst pharmacists by setting of main job	Figure 81	70
Location of main job amongst pharmacy technicians by sex and age	Figure 82	70
Location of main job amongst pharmacy technicians by race/ethnicity	Figure 83	71
Location of main job amongst pharmacy technicians by setting of main job	Figure 84	71

## Settings of main job

Settings of main job by registrant type	Figure 85	72
Summary setting of main job by registrant type	Figure 86	74

Settings of main job amongst pharmacists by sex and age	Figure 87	74
Settings of main job amongst pharmacists by year of registration	Figure 88	76
Settings of main job amongst pharmacists by main job location	Figure 89	77
Settings of main job amongst pharmacists by race/ethnicity	Figure 90	79
Settings of main job amongst pharmacists by route to register	Figure 91	80
Settings of main job amongst pharmacy technicians by sex and age	Figure 92	81
Settings of main job amongst pharmacy technicians by year of registration	Figure 93	83
Settings of main job amongst pharmacy technicians by location of main job	Figure 94	84
Settings of main job amongst pharmacy technicians by race/ethnicity	Figure 95	85
Settings of main job amongst pharmacy technicians by route to register	Figure 96	86
Number of settings in main job by registrant type	Figure 97	88
Combinations of settings in main job by registrant type	Figure 98	88
Number of settings amongst pharmacists in main job by sex and age	Figure 99	89
Number of settings amongst pharmacy technicians in main job by sex and age	Figure 100	90

## **Full-time/part-time working and mean number of hours in main job**

Full-time / part-time working in main job and mean number of hours worked per week by registrant type	Figure 101	90
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacists by sex and age	Figure 102	91
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacists by year of registration	Figure 103	91
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacists by race/ethnicity	Figure 104	92
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacists by setting of main job	Figure 105	92
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacists by main job location	Figure 106	92
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacy technicians by sex and age	Figure 107	93
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacy technicians by year of registration	Figure 108	93
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacy technicians by race/ethnicity	Figure 109	94

Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacy technicians by setting of main job	Figure 110	94
Full-time / part-time working in main job and mean number of hours worked per week amongst pharmacy technicians by main job location	Figure 111	94

## Employment status in main job

Employment status in main job by registrant type	Figure 112	95
Employment status amongst pharmacists in main job by sex and age	Figure 113	95
Employment status amongst pharmacists in main job by setting of main job	Figure 114	96
Employment status amongst pharmacists in main job by main job location	Figure 115	96
Employment status amongst pharmacists in main job by race/ethnicity	Figure 116	97
Employment status amongst pharmacists in main job by full and part-time working in main job	Figure 117	97
Employment status amongst pharmacy technicians in main job by sex and age	Figure 118	97
Employment status amongst pharmacy technicians in main job by setting of main job	Figure 119	98
Employment status amongst pharmacy technicians in main job by location of main job	Figure 120	98
Employment status amongst pharmacy technicians in main job by race/ethnicity	Figure 121	99
Employment status amongst pharmacy technicians in main job by full and part-time working in main job	Figure 122	99

## Patient facing in main job

Patient facing in main job by registrant type	Figure 123	100
Patient facing in main job amongst pharmacists by sex and age	Figure 124	100
Patient facing in main job amongst pharmacists by main job location	Figure 125	100
Patient facing in main job amongst pharmacists by setting of main job	Figure 126	101
Patient facing in main job amongst pharmacists by year of registration	Figure 127	101
Patient facing in main job amongst pharmacy technicians by sex and age	Figure 128	101
Patient facing in main job amongst pharmacy technicians by main job location	Figure 129	102
Patient facing in main job amongst pharmacy technicians by setting of main job	Figure 130	102
Patient facing in main job amongst pharmacy technicians by year of registration	Figure 131	102

## Responsibilities in main job

All responsibilities in main job by registrant type	Figure 132	103
Main responsibilities in main job by registrant type	Figure 133	105
Main responsibilities amongst pharmacists by sex and age	Figure 134	106
Main responsibilities amongst pharmacists by setting of main job	Figure 135	108
Main responsibilities amongst pharmacists by year of registration	Figure 136	109
Main responsibilities amongst pharmacists by whether patient facing	Figure 137	110
Main responsibilities amongst pharmacy technicians by sex and age	Figure 138	111
Main responsibilities amongst pharmacy technicians by setting of main job	Figure 139	113
Main responsibilities amongst pharmacy technicians by year of registration	Figure 140	114
Main responsibilities amongst pharmacy technicians by whether patient facing	Figure 141	116

## Job satisfaction in main job

Satisfaction in main job by registrant type	Figure 142	117
Pharmacists' satisfaction in main job by sex and age	Figure 143	117
Pharmacists' satisfaction in main job by race/ethnicity	Figure 144	118
Pharmacists' satisfaction in main job by main job location	Figure 145	118
Pharmacists' satisfaction in main job by setting of main job	Figure 146	118
Pharmacists' satisfaction in main job by all settings and sub-settings of main job	Figure 147	119
Pharmacists' satisfaction in main job by whether patient facing	Figure 148	120
Pharmacists' satisfaction in main job by year of registration	Figure 149	120
Pharmacy technicians' satisfaction in main job by sex and age	Figure 150	121
Pharmacy technicians' satisfaction in main job by race/ethnicity	Figure 151	121
Pharmacy technicians' satisfaction in main job by main job location	Figure 152	121
Pharmacy technicians' satisfaction in main job by setting of main job	Figure 153	122
Pharmacy technicians' satisfaction in main job by all settings and sub-settings of main job	Figure 154	123
Pharmacy technicians' satisfaction in main job by whether patient facing	Figure 155	124
Pharmacy technicians' satisfaction in main job by year of registration	Figure 156	124

## Second pharmacy-related job

Second jobs amongst pharmacists by main job location	Figure 157	125
Settings worked in by pharmacists in their second job by sex and age	Figure 158	125
Settings worked in by pharmacists in their second job by race/ethnicity	Figure 159	127
Settings worked in by pharmacists in their second job by main job location	Figure 160	128
Settings worked in by pharmacists in their second job by setting of main job	Figure 161	129
Pharmacists' employment status in second job	Figure 162	130
Second jobs amongst pharmacy technicians by main job location	Figure 163	130
Settings worked in by pharmacy technicians in their second job	Figure 164	131
Pharmacy technicians' employment status in second job	Figure 165	132

## Full-time/part-time working and mean number of hours across all pharmacy-related jobs

Mean number of hours worked in a typical week across all pharmacy jobs by registrant type	Figure 166	133
Full-time / part-time working across all pharmacy jobs by registrant type	Figure 167	133
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacists by sex and age	Figure 168	134
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacists by main job location	Figure 169	134
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacists by race/ethnicity	Figure 170	134
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacists by settings across all pharmacy jobs	Figure 171	135
Mean number of hours worked in a typical week in main, second and third jobs and across all pharmacy jobs amongst pharmacists	Figure 172	135
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacy technicians by sex and age	Figure 173	135
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacy technicians by main job location	Figure 174	136
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacy technicians by race/ethnicity	Figure 175	136
Mean number of hours worked in a typical week across all pharmacy jobs amongst pharmacy technicians by settings across all pharmacy jobs	Figure 176	136

Mean number of hours worked in a typical week in main, second and third jobs and across all pharmacy jobs amongst pharmacy technicians	Figure 177	137
--	------------	-----

## Settings of all pharmacy-related jobs

Settings worked in, in main job, second job and third job by pharmacists	Figure 178	137
Settings worked in, in main job, second job and third job by pharmacy technicians	Figure 179	138

## Non-pharmacy-related roles

Pharmacists' work in paid non-pharmacy roles by sex and age	Figure 180	139
Pharmacists work in paid non-pharmacy roles by race/ethnicity	Figure 181	140
Pharmacy technicians' work in paid non-pharmacy roles by sex and age	Figure 182	140
Pharmacy technicians' work in paid non-pharmacy roles by race/ethnicity	Figure 183	140
Pharmacy role amongst pharmacists with a non-pharmacy role by sex and age	Figure 184	141

## Mean number of hours across all pharmacy and non-pharmacy jobs

Mean number of hours worked in a typical week across all pharmacy and non-pharmacy jobs amongst pharmacists by sex and age	Figure 185	141
Pharmacy role amongst pharmacy technicians with a non-pharmacy role by sex and age	Figure 186	142
Mean number of hours worked in a typical week across all pharmacy and non-pharmacy jobs amongst pharmacy technicians by sex and age	Figure 187	142

## Community pharmacy

Community settings of main job amongst community pharmacists by main job location	Figure 188	144
Community settings of main job amongst community pharmacy technicians by main job location	Figure 189	145
Community pharmacists' employment status in main job by main job location	Figure 190	145
Community pharmacists' employment status in main job by full and part-time working in main job	Figure 191	146
Community pharmacists working full and part-time in main job by main job location	Figure 192	146
Community pharmacy technicians working full and part-time in main job by main job location	Figure 193	147

Patient facing in main job amongst community pharmacists by main job location	Figure 194	147
Patient facing in main job amongst community pharmacy technicians by main job location	Figure 195	147
Main responsibilities amongst community pharmacists by main job location	Figure 196	148
Main responsibilities amongst community pharmacy technicians by main job location	Figure 197	149
Community pharmacists' satisfaction in main job by main job location	Figure 198	150
Community pharmacy technicians' satisfaction in main job by main job location	Figure 199	150

## Secondary care pharmacy

Secondary care pharmacists working full and part-time in main job by main job location	Figure 200	153
Secondary care pharmacy technicians working full and part-time in main job by main job location	Figure 201	153
Patient facing in main job amongst secondary care pharmacists	Figure 202	153
Patient facing in main job amongst secondary care pharmacy technicians by main job location	Figure 203	154
Main responsibilities amongst secondary care pharmacists by main job location	Figure 204	154
Main responsibilities amongst secondary care pharmacy technicians by main job location	Figure 205	155
Secondary care pharmacists' satisfaction in main job by main job location	Figure 206	156
Secondary care pharmacy technicians' satisfaction in main job by main job location	Figure 207	157

## Primary care pharmacy

Primary care settings of main job amongst primary care pharmacists by main job location	Figure 208	159
Primary care settings of main job amongst primary care pharmacy technicians by main job location	Figure 209	160
Primary care pharmacists working full and part-time in main job by main job location	Figure 210	160
Primary care pharmacy technicians working full and part-time in main job by main job location	Figure 211	161

Patient facing in main job amongst primary care pharmacists by main job location	Figure 212	161
Patient facing in main job amongst primary care pharmacy technicians by main job location	Figure 213	162
Main responsibilities amongst primary care pharmacists by main job location	Figure 214	162
Main responsibilities amongst primary care pharmacy technicians by main job location	Figure 215	163
Primary care pharmacists' satisfaction in main job by main job location	Figure 216	164
Primary care pharmacy technicians' satisfaction in main job by main job location	Figure 217	165

## Locum work

Profile of locum pharmacists	Figure 218	167
Job in which pharmacist locum work is undertaken	Figure 219	168
Number of current pharmacy related jobs in Great Britain, locum pharmacists compared with pharmacists overall	Figure 220	168
Employment status of pharmacists in main, second and third jobs	Figure 221	169
Settings worked in pharmacist locum jobs	Figure 222	169
Community setting jobs that were pharmacist locum jobs	Figure 223	170
Main responsibilities amongst locum pharmacists by main job location	Figure 224	170
Hours worked in pharmacist locum jobs	Figure 225	171
Patient facing in main job, locum pharmacists compared with pharmacists overall	Figure 226	172
Satisfaction in main job, locum pharmacists compared with pharmacists overall	Figure 227	172
Locum pharmacists' satisfaction in main job by sex and age	Figure 228	173
Locum pharmacists' satisfaction in main job by main job location	Figure 229	173

## Cross-sector working and portfolio working

Number of jobs amongst pharmacist portfolio workers in main, second and third jobs	Figure 230	175
Number of jobs amongst pharmacy technician portfolio workers in main, second and third jobs	Figure 231	176
Combinations of settings in portfolio pharmacists' main, second and third portfolio jobs and across all portfolio jobs	Figure 232	176

Combinations of settings in portfolio pharmacy technicians' main, second and third portfolio jobs and across all portfolio jobs	Figure 233	177
Employment status in portfolio pharmacists' main, second and third portfolio jobs and across all portfolio jobs	Figure 234	178
Employment status in portfolio pharmacy technicians' main, second and third portfolio jobs and across all portfolio jobs	Figure 235	179
Mean number of hours worked in a typical week by portfolio pharmacists in portfolio jobs	Figure 236	179
Mean number of hours worked in a typical week by portfolio pharmacy technicians in portfolio jobs	Figure 237	179
Patient facing in main job amongst portfolio pharmacists by main job location	Figure 238	180
Portfolio pharmacists' satisfaction in main job by main job location	Figure 239	180
Cross-sector working across multiple jobs by registrant type	Figure 240	181
Cross-sector working across multiple jobs amongst pharmacists by main job location	Figure 241	181

## Prescribing

Prescribing annotations amongst pharmacists	Figure 242	184
Prescribing annotations by sex and age	Figure 243	184
Prescribing annotations by race/ethnicity	Figure 244	184
Prescribing annotations by main job location	Figure 245	185
Profile of prescribers	Figure 246	185
Pharmacists' intention to gain prescribing qualification and annotation in the next five years overall	Figure 247	186
Pharmacists' intention to gain prescribing qualification and annotation in the next five years by sex and age	Figure 248	187
Ever prescribed or not since annotation by annotation type	Figure 249	187
Ever prescribed or not since annotation by sex and age	Figure 250	187
Ever prescribed or not since annotation by home location	Figure 251	188
Reasons for never having prescribed overall	Figure 252	188
Main job settings for pharmacists who had never prescribed	Figure 253	189
Prescribed in the last 12 months by annotation type	Figure 254	190
Prescribed in the last 12 months by sex and age	Figure 255	190
Reasons for not prescribing in the last 12 months overall	Figure 256	191

Main job settings for pharmacists who had not prescribed in the last 12 months	Figure 257	192
Areas of specialism for prescribing training and qualification overall	Figure 258	193
Changed scope of practice or not since initial training and qualification as prescriber by annotation type	Figure 259	194
Prescribing settings overall	Figure 260	195
Prescribing settings by annotation type	Figure 261	196
Prescribing settings by sex and age	Figure 262	197
Prescribing settings by race/ethnicity	Figure 263	198
Prescribing settings by main job location	Figure 264	199
Areas prescribed in the last 12 months overall	Figure 265	201
Areas prescribed in the last 12 months by main job location	Figure 266	202
Areas prescribed in the last 12 months by prescribing setting	Figure 267	202
Percentage of time spent prescribing by main job location	Figure 268	203
Percentage of time spent prescribing by prescribing setting	Figure 269	203
Patients seen per week by main job location	Figure 270	204
Patients seen per week by prescribing setting	Figure 271	204

## Additional qualifications

Additional qualifications by registrant type	Figure 272	206
Pharmacists' higher education qualifications by sex and age	Figure 273	207
Pharmacists' higher education qualifications by home location	Figure 274	207
Pharmacy technicians' further education qualifications by sex and age	Figure 275	208
Pharmacy technicians' additional qualifications by home location	Figure 276	209
Intention to undertake further qualifications in next three years by registrant type	Figure 277	210
Pharmacists' intention to undertake further qualifications in next three years by sex and age	Figure 278	210
Pharmacists' intention to undertake further qualifications in next three years by race/ethnicity	Figure 279	211
Pharmacists' intention to undertake further qualifications in next three years by home location	Figure 280	211
Pharmacy technicians' intention to undertake further qualifications in next three years by sex and age	Figure 281	211

Pharmacy technicians' intention to undertake further qualifications in next three years by race/ethnicity	Figure 282	212
Pharmacy technicians' intention to undertake further qualifications in next three years by home location	Figure 283	212

## Other registrations

Registrations with other regulators by registrant type	Figure 284	213
Pharmacists' registrations with other regulators by sex and age	Figure 285	213
Pharmacists' registrations with other regulators by home location	Figure 286	214
Pharmacy technicians' registrations with other regulators by sex and age	Figure 287	214
Pharmacy technicians' registrations with other regulators by home location	Figure 288	215

## Future intentions

Intentions to renew registration by registrant type	Figure 289	217
Pharmacists' intentions to renew registration by sex and age	Figure 290	217
Pharmacists' intentions to renew registration by race/ethnicity	Figure 291	217
Pharmacists' intentions to renew registration by home location	Figure 292	218
Pharmacists' intentions to renew registration by route to register	Figure 293	218
Pharmacists' intentions to renew registration by year of registration	Figure 294	218
Pharmacists' intentions to renew registration by setting of main job	Figure 295	219
Pharmacy technicians' intentions to renew registration by sex and age	Figure 296	219
Pharmacy technicians' intentions to renew registration by race/ethnicity	Figure 297	219
Pharmacy technicians' intentions to renew registration by home location	Figure 298	220
Pharmacy technicians' intentions to renew registration by route to register	Figure 299	220
Pharmacy technicians' intentions to renew registration by year of registration	Figure 300	220
Pharmacy technicians' intentions to renew by setting of main job	Figure 301	221
Intentions to continue practising by registrant type	Figure 302	221
Pharmacists' intentions to continue practising in the next three years by sex and age	Figure 303	222
Pharmacists' intentions to continue practising in the next three years by race/ethnicity	Figure 304	222
Pharmacists' intentions to continue practising in the next three years by home location	Figure 305	222

Pharmacists' intentions to continue practising in the next three years by route to register	Figure 306	223
Pharmacists' intentions to continue practising in the next three years by setting of main job	Figure 307	223
Pharmacy technicians' intentions to continue practising in the next three years by sex and age	Figure 308	223
Pharmacy technicians' intentions to continue practising in the next three years by race/ethnicity	Figure 309	224
Pharmacy technicians' intentions to continue practising in the next three years by home location	Figure 310	224
Pharmacy technicians' intentions to continue practising in the next three years by route to register	Figure 311	225
Pharmacy technicians' intentions to continue practising in the next three years by main job setting	Figure 312	225
Reasons for not renewing registration or continuing to practise registrant type	Figure 313	226
Intentions in the next three years by registrant type	Figure 314	227
Pharmacists' intentions in the next three years by sex and age	Figure 315	227
Pharmacists' intentions in the next three years by home location	Figure 316	228
Pharmacists' intentions in the next three years by route to register	Figure 317	228
Pharmacists' intentions in the next three years by main job setting	Figure 318	229
Pharmacy technicians' intentions in the next three years by sex and age	Figure 319	229
Pharmacy technicians' intentions in the next three years by home location	Figure 320	230
Pharmacy technicians' intentions in the next three years by route to register	Figure 321	230
Pharmacy technicians' intentions in the next three years by main job setting	Figure 322	231

## Workforce movement

Institution where MPharm degree or OSPAP qualification was achieved	Figure 323	233
Region where MPharm degree or OSPAP qualification was achieved	Figure 324	234
Place of pre-registration training by registrant type	Figure 325	234
Stayed or moved for pre-registration training amongst pharmacists by region of qualification	Figure 326	235
Stayed or moved for pre-registration training amongst pharmacists by sex and age	Figure 327	236
Stayed or moved for pre-registration training amongst pharmacists by race/ethnicity	Figure 328	236
