The Committee is a non-executive committee and has no executive powers except as set out in these Terms of Reference.
- 1.2. Under the Council's Scheme of Delegation, the Committee has delegated authority to:
 - monitor the Council's risk management arrangements
 - approve the internal audit programme
 - advise the Council on the comprehensiveness and reliability of assurances and internal controls, including internal and external audit arrangements, and on the implications of assurances provided in respect of risk and control.
- 1.3. The Committee may request the attendance of any employee or member and incur expenditure for the purpose of obtaining advice as specified below.

2. Accountability and reporting

- 2.1 The Committee is accountable to the Council. The minutes of each Audit & Risk Committee meeting shall be circulated to the Council. The Committee shall report to the Council annually on its work.
- 2.2 The Committee may also submit separately to the Council its advice on issues where it considers that the Council should take action. Where the Committee considers there is evidence of ultra vires transactions or evidence of improper acts, the Chair of the Committee should raise the matter at a formal Council meeting.

3. Composition

- 3.1 Committee members are appointed through a process agreed with the Council. The committee shall have no more than six members but may operate with fewer while a vacancy exists, provided the quorum is maintained. The Committee members shall include Council members, excluding the GPhC Chair and including at least one lay member and one registrant member, and may include up to two external members with appropriate audit and risk management experience.
- 3.2 The Council will appoint one of the Council members serving on the Committee as Chair, based on relevant background and skills. In the absence of the Chair, the Committee shall elect another of its members to chair the meeting.

4. Role and remit

- 4.1. The duties of the Committee are as follows:

Governance, risk management and internal control

- The Council is the governing body of the GPhC and determines the governance policy and framework for the organisation. The Committee supports the Council by reviewing and advising the Council on the operation and effectiveness of the arrangements which are in place across the whole of the Council's activities that support the achievement of the Council's objectives. In

particular, the Committee will review the adequacy of: All risk and control related disclosure statements, together with any accompanying internal audit statement, external audit opinion or other appropriate independent assurances, prior to endorsement by the Council;

- The underlying assurance processes that indicate the degree of the achievement of corporate objectives, the effectiveness of the management of principal risks and the appropriateness of the above disclosure statements;
 - The policies for ensuring compliance with relevant regulatory, legal, governance and code of conduct requirements;
 - The policies and procedures for all work related to fraud and corruption
- 4.2. In carrying out this work the Committee will primarily utilise the work of internal audit, external audit and other assurance functions. It will also seek reports and assurances from directors and managers as appropriate, concentrating on the over-arching systems of governance, risk management and internal control together with indicators of their effectiveness.
- 4.3. In reviewing risk management arrangements, the Committee should draw attention to areas where:
- risk is being appropriately managed, and controls are adequate (no action needed)
 - risk is inadequately controlled (action needed to improve control)
 - risk is over-controlled (resource being wasted which could be diverted to another use)
 - there is a lack of evidence to support a conclusion (if this concerns areas which are material to the organisation's functions, more audit &/or assurance work will be required).
