Dear Accreditation team

## **Consultation on proposed options for changes to the Accredited Registers fee model**

Thank you for the opportunity to comment on this consultation, which sets out options for fee models that will enable the Accredited Registers programme to be financially self-sustainable by the end of the 2020-21 financial year.

As these proposals do not directly impact on our work, we have no specific feedback or comments to provide other than to seek reassurance that there will continue to be separation of finances relating to the Authority's four distinct work streams and that the ongoing work on accredited registers will not be financed through the fees from the regulatory bodies.

If you would like to discuss our response further, please do not hesitate to contact me.

Yours sincerely,

Duncan Rudkin  
**Chief Executive and Registrar**
