## Technical knowledge and skills

The technical knowledge and skills content of the course/qualification must be derived from, and mapped to, an appropriate national framework for pharmacy knowledge and skills recognised in the UK.

## Part 3: Role-specific learning outcomes (National Occupational Standards)

Please note, the NOS unique identifiers are hyperlinked to the relevant NOS standard.

### PHARM01 - Assist with the provision of a pharmacy service

**How does the course/qualification support the trainee to achieve this NOS outcome and where the outcome is taught?**

#### Provider's commentary

The units for the qualifications have been mapped to the National Occupational standards which can be found in **Appendix 2 (Annexe C)** of the certificate specification - **Mapping of the Pharmacy National Occupational Standards (NOS) to the qualification content.**

The provider would particularly teach all outcomes for the following unit/s to achieve this outcome.

- **Unit 3 Effective Teamwork within Pharmacy Services**

However, this NOS is also embedded throughout this qualification as lots of learning outcomes relate to providing an effective pharmacy service.

- **Unit 8 Selling Over the Counter Medicines and Medicinal Products**

**How and where does the course/qualification assess the trainee's achievement of this NOS outcome at the stated competency level?**

#### Provider's commentary

The formative assessment for this NOS will be done throughout the learning journey and if the centre has chosen to undertake the qualification, whether doing apprenticeship or not, the summative assessment arrangements will be in line with the common qualification assessment principles **Annex A Assessment Principles for the Level 2 Certificate in the Principles and Practice for Pharmacy Support Staff** and the unit assessment strategy. Assessment would be subject to internal verification and external quality assurance.
