

# Registration assessment permitted item list for 2024 sittings

As per registration assessment regulation 4.5, only permitted items may be present on a candidate's person, or accessible to a candidate on, or within the vicinity of, the candidate's workstation. The only exceptions are items permitted by the adjustments panel in advance through the reasonable adjustment process. Any equipment a candidate requires to complete the assessment (e.g., computer access, furniture, noise cancelling headphones or earplugs and paper and pen) will be provided by test centres. It is the candidate's responsibility to bring any equipment they need from the approved list below.

The following are the **only** items that can be at the candidate's workstation, including under it. Any other items must be put with the candidate's personal belongings stored away from their workstations.

- Approved photographic ID
- Approved calculator(s) – **part one paper only**
- A single highlighter pen
- Ruler
- Glasses/spectacles with no case
- Water and non-fizzy drinks in a clear, transparent bottle
- Cough sweets
- Medication
- Tissues (unpackaged)
- Cushion (plain, single coloured covering)
- Eye drops

Candidates can use the on-screen electronic calculator or can opt to bring and use a physical calculator. A spare physical calculator is permitted. The following are the GPhC approved calculators that candidates can use in **part one** only. No other calculators are permitted.

- Aurora HC133
- Aurora DT210
- Casio MX-8S-WE (also known as MX-8S)
- Casio MX 8B-WE / MX 8B

All items will be inspected by an invigilator before you enter the assessment room and candidates will be asked to remove items that are not approved/permitted.
