## **SELF-DECLARATION FOR THE CERTIFICATE OF HIGHER EDUCATION IN PHARMACY TECHNICIAN PRACTICE (INTEGRATED APPRENTICESHIP) PATHWAY PROVIDED BY THE UNIVERSITY OF EAST ANGLIA**

The University of East Anglia declare that the Certificate of Higher Education in Pharmacy Technician Practice (integrated apprenticeship pathway) has been approved by Institute of Apprenticeship and Technical Education / Education and Skills Funding Agency organisation and that the End Point Assessment (EPA) units required by the apprenticeship standard have been integrated into the Certificate of Higher Education in Pharmacy Technician Practice GPhC-recognised course approved on 15 July 2020.

The End Point Assessment units are:

- Observation End Point Assessment for Pharmacy Technician Apprentices
- Professional Discussion End Point Assessment for Pharmacy Technician Apprentices

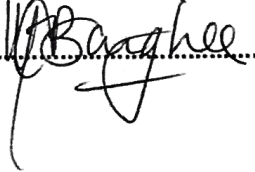

We UEA confirm that:

1. the above units will form part of the assessment process, specifically the EPA.
2. any trainee enrolled onto the apprenticeship pathway will **not** be permitted to change to the non-apprenticeship pathway.
3. the EPA must be passed in full before issuing a certificate for the purposes of registration with the GPhC.

UEA understand that:

4. the accreditation period for the apprenticeship is identical to that of the GPhC-recognised course approved on 15 July 2020 and that both the standard course and apprenticeship pathway will be reviewed during the next accreditation event.
5. the standing conditions as detailed in the GPhC record and report apply to the approval of the Certificate of Higher Education in Pharmacy Technician Practice (integrated apprenticeship) provided by UEA.
