London

E14 5LQ

Dear Chris

**RE: Monitoring of the Pharmacist Independent Prescribing programme provided by Queen's University Belfast**

Thank you for your letter in which you have stated that the GPhC's registrar has accepted the team's recommendation that our Pharmacist Independent Prescribing programme has been fully accredited for the remainder of the accreditation period, with no conditions or recommendations. We are delighted with this result.

We have reviewed the monitoring event report and can confirm that this is factually accurate. The Pharmacist Independent Prescribing Programme team would like to thank you and the monitoring team for all of your advice and support during the accreditation and monitoring process.

Yours sincerely

---

Dr Briegen Girvin, Lecturer (Education), School of Pharmacy, Queen's University Belfast BT9 7BL
