

# Registration assessment permitted item list for 2022 sittings

As per registration assessment regulation 4.5, only permitted items may be present on a candidate's person, or accessible to a candidate on, or within the vicinity of, the candidate's workstation. The only exceptions are items permitted by the adjustments panel in advance through the reasonable adjustment process. Any equipment a candidate requires to complete the assessment (e.g., computer access, furniture, paper and pen) will be provided by test centres. Any additional equipment a candidate may wish to bring which is outlined as approved below, is the candidate's responsibility to bring.

The following are the **only** items that can be at the candidate's workstation, including under it. Any other items must be put with the candidate's personal belongings stored away from their workstations.

- Approved photographic ID
- Approved calculator(s) – **part one paper only**
- Pens and a single highlighter pen
- Ruler
- Glasses/spectacles with no case
- Water and non-fizzy drinks in a clear, transparent bottle
- Cough sweets
- Medication/sustenance (must not cause noise or smell disturbance) if you have a medical condition
- Tissues (unpackaged)
- Cushion (plain, single coloured covering)
- Eye drops

Candidates can use the on-screen electronic calculator within the BTL testing software or can opt to bring and use a physical calculator. A spare physical calculator is permitted. The following are the GPhC approved calculators that candidates can use in **part one**. All other calculators are not permitted and cannot be used in the assessment.

- Sharp EL 240SAB
- Catiga CD-8185
- Rebell Panther 8 Desktop Calculator
- Aurora HC133

All items will be inspected by the invigilator before you enter the assessment room and candidates will be asked to remove items that are not approved/permitted.
