

Restoration of a pharmacy premises

Guidance on completing your application

Introduction to this guidance

The registration guidance notes should provide you with all the information you require to successfully complete the registration process. Please read this document carefully before contacting the General Pharmaceutical Council (GPhC) with any queries.

This application is to be completed by the owner who owned the pharmacy immediately before it was removed from the register.

Registration process

The restoration of a pharmacy premises will take up to 3 months from receipt of a **correctly completed** application (including the correct fee). If the pharmacy has not been registered for more than 12 months you will need to submit a New premises application form. The premises may be subject to a visit by a GPhC inspector. Please note that your premises will only be restored on the 1st or 15th of the month, whichever is sooner.

Once registered, the premises will appear on the online register at www.pharmacyregulation.org

You must not open the pharmacy to sell or supply Pharmacy (P) medicines or Prescription Only Medicines (POMs) until you have been notified by the premises team that your pharmacy has been registered or you have checked yourself that your pharmacy appears on the online register.

Names of Directors – Body Corporate

If a Body Corporate is applying, please provide a list of all Directors with this application.

Plans

The plans you submit must:

- Identify the dimensions of the registered area (please indicate area in m²).
- Be drawn to scale.
- Identify the dimensions of the dispensary (please indicate in m²).
- Clearly show the internal layout showing the areas in which medicinal products are intended to be sold or supplied, assembled, prepared, dispensed or stored.
- Detail the postal address of the building in which the premises is situated.
- Detail any other relevant information including access points.
- If the premises does not occupy the entire building please supply a separate plan of the premises location within the building.

Payment

Both card and BACS payments are accepted, however to ensure that your application is processed more swiftly we would recommend that you pay by card.

If paying by BACS please ensure that you enter the postcode of the new pharmacy as the payment reference. If any other reference is used this may delay your application being approved.

Registerable activities

The GPhC can only register a premises as a pharmacy where the owner's service model from that pharmacy includes one of the following:

1. The sale of Pharmacy (P) medicines.
2. The supply of P medicines or Prescription Only Medicines (POMs) against prescriptions. The supply of medicines against prescriptions requires the product to be labelled for a specific patient as a dispensed medicinal product.
3. The supply of P medicines or Prescription Only Medicines (POMs) against prescriptions written by veterinary practitioners for the treatment of animals under the 'cascade'.

Pharmacy relocation

If you are completing this form as a result of a pharmacy relocation, and the pharmacy is currently approved for pre-registration training please submit an [Application for provision of pre-registration](#) training form with this application. This will ensure that your newly registered pharmacy will still be approved for pre-registration training.

The GPhC accepts restoration of pharmacy premises applications via email. To submit this form via email, please complete as normal, scan and email as a PDF to: premises@pharmacyregulation.org

Please submit the application and plans in one document.

End of guidance notes, the application form is on the following page

You must complete this section if your premises has been off the register for 3 or more months. In addition to meeting the registration criteria set out above in Section 6A you must also let us know how you will be able to meet the standards for registered pharmacies from Day 1 of operation. Please summarise below how your premises will meet the standards for registered pharmacies from Day 1. This information will be passed to the inspector. The inspector will use this information to decide whether they need to inspect your premises before restoration.

Please refer to the 'Inspection Decision Making Framework and Prototype Inspection Model – Examples of Evidence', for the sort of matters you should consider.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public.

'Governance arrangements' includes having clear definitions of the roles and accountabilities of the people involved in providing and managing pharmacy services. It also includes the arrangements for managing risks, and the way the registered pharmacy is managed and operated.

1.1 The risks associated with providing pharmacy services are identified and managed
Please summarise the risks associated with the pharmacy services you intend to provide. How will you manage these?

1.2 The safety and quality of pharmacy services are reviewed and monitored
Describe what you will do to ensure that the pharmacy services you intend to provide will be safe and how you will monitor this.

1.3 Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability

For example, do you intend to employ qualified pharmacy staff or will some members of the pharmacy team be undergoing training and if so have you identified who will be responsible for training? Examples of job roles you have recruited to or intend to.

1.4 Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate

Describe how you intend to collect and review this feedback.

1.5 Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided

Provide evidence that you will have appropriate indemnity arrangements in place from Day 1

1.6 All necessary records for the safe provision of pharmacy services are kept and maintained *For example show that you will have all the required registers available for pharmacy staff to use on Day 1. Describe the sort of records you intend to keep and why they are relevant to the range of services you intend to provide and the staff you intend to recruit.*

1.7 Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services
Describe how you intend to meet this standard

1.8 Children and vulnerable adults are safeguarded.
Describe how you intend to meet this standard

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public.

The staff you employ and the people you work with are key to the safe and effective practice of pharmacy. Staff members, and anyone involved in providing pharmacy services, must be competent and empowered to safeguard the health, safety and wellbeing of patients and the public in all that they do.

2.1 There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided
Describe how you have determined the staffing levels and skill mix you require for the services you intend to provide.

2.2 Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training
Describe how you intend to meet this standard

2.3 Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the interests of patients and the public
Describe how you intend to meet this standard

2.4 There is a culture of openness, honesty and learning

Describe how you intend to meet this standard

2.5 Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services

Describe how you intend to meet this standard

2.6 Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff.

Describe how you intend to meet this standard

Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public.

It is important that patients and the public receive pharmacy services from premises that are suitable for the services being provided and which protect and maintain their health, safety and wellbeing. To achieve this you must make sure that all premises where pharmacy services are provided are safe and suitable. Any associated premises, for example non-registered premises used to store medicines, must also comply with these standards where applicable.

3.1 Premises are safe, clean, properly maintained and suitable for the pharmacy services provided
Describe how you intend to meet this standard and provide a description of your premises and attach a professionally drawn plan to scale of the internal layout of the premises to be registered

3.2 Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services
Describe how you intend to meet this standard

3.3 Premises are maintained to a level of hygiene appropriate to the pharmacy services provided
Describe how you intend to meet this standard

3.4 Premises are secure and safeguarded from unauthorised access
Describe how you intend to meet this standard

3.5 Pharmacy services are provided in an environment that is appropriate for the provision of healthcare.
Describe how you intend to meet this standard

Principle 4: The way in which pharmacy services, including the management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public.

'Pharmacy services' covers all pharmacy-related services provided by a registered pharmacy including the management of medicines, advice and referral, and the wide range of clinical services pharmacies provide. The management of medicines includes arrangements for obtaining, keeping, handling, using and supplying medicinal products and medical devices, as well as security and waste management. Medicines and medical devices are not ordinary commercial items. The way they are managed is fundamental to ensuring the health, safety and wellbeing of patients and the public who receive pharmacy services.

4.1 The pharmacy services provided are accessible to patients and the public

Describe how you intend to meet this standard

4.2 Pharmacy services are managed and delivered safely and effectively

Describe how you intend to meet this standard

4.3 Medicines and medical devices are:

- obtained from a reputable source
- safe and fit for purpose
- stored securely
- safeguarded from unauthorised access
- supplied to the patient safely
- disposed of safely and securely

Describe how you intend to meet this standard

4.4 Concerns are raised when it is suspected that medicines or medical devices are not fit for purpose.

Describe how you intend to meet this standard

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public.

The availability of safe and suitable equipment and facilities is fundamental to the provision of pharmacy services and is essential if staff are to safeguard the health, safety and wellbeing of patients and the public when providing effective pharmacy services.

5.1 Equipment and facilities needed to provide pharmacy services are readily available

Describe how you intend to meet this standard

- 5.2 Equipment and facilities are:
- obtained from a reputable source
 - safe to use and fit for purpose
 - stored securely
 - safeguarded from unauthorised access
 - appropriately maintained

Describe how you intend to meet this standard

- 5.3 Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services.

Describe how you intend to meet this standard

8. Declaration

Declaration 1

This declaration is to be made by the pharmacist sole trader OR a partner who is a pharmacist OR in the case of a body corporate, a director; or in the case of a limited liability partnership a partner. The director or LLP partner must have authority to bind the body corporate/LLP. (If the director of the body corporate or partner of the LLP completing this declaration is not a pharmacist – declaration 2 must be completed by the superintendent pharmacist).

I am the person applying to register the premises, described in this form, as a pharmacy in Part 3 of the Register and I hereby declare that I am or will be a person lawfully conducting a retail pharmacy business at those premises within the meaning of Part 4 of the Medicines Act 1968. I hereby undertake to notify the Registrar should these circumstances change.

I declare that the service model from the pharmacy will include at least one of the following:

1. The sale of Pharmacy (P) medicines
2. The supply of P medicines or Prescription Only Medicines (POMs) against prescriptions
3. The supply of P medicines or Prescription Only Medicines (POMs) against

prescriptions written by a veterinary practitioner for the treatment of an animal under the 'cascade'

I understand that I have a duty to inform the Registrar of any change in the service model of any of my registered pharmacies which will affect the registration status of the pharmacy for which I am responsible, and should complete a Voluntary Removal form for any pharmacies which no longer meet the criteria for registration.

I confirm that I have read and undertake to meet the standards for registered pharmacies and the relevant guidance in respect of these premises. The standards for registered pharmacies are available at www.pharmacyregulation.org/standards and the guidance is available at www.pharmacyregulation.org/standards/guidance/guidance-support-standards-registered-pharmacies

I understand that if the application has to be returned to me for additional information more than once I am liable to pay an administration fee of £50.

If the declaration is not completed to the satisfaction of the Registrar, the Registrar may refuse to enter the premises in Part 3 of the Register.

If I am found to have given false or misleading information in connection with this application for registration, this may be treated as misconduct and may result in my removal from Part 1 of the register (if applicable) and the removal of the premises from Part 3 of the register.
