Re: Ulster University MPharm Interim accreditation event

Dear Joanne

Thank you for the letter dated 6<sup>th</sup> July confirming the outcome of our Interim event held at Ulster University on 22<sup>nd</sup> and 23<sup>rd</sup> March 2018.

I would like to confirm that the accreditation report and record are accurate representations of the events.

Please accept this letter as our formal response to meet the requirement of the Pharmacy Order 2010.

The School of Pharmacy and Pharmaceutical Sciences was delighted with the outcome of the accreditation, particularly that you found our students to be "*intelligent, articulate and mature in their engagement with the team*". We are also encouraged to hear that the new integrated curriculum which we have developed is recognized by the students in that they "*described clear integration within the MPharm both horizontally and vertically, and they understood how complexity develops as the course progresses..*".

We would like to thank the GPhC accreditation team for their constructive advice and feedback during the visit, and look forward to welcoming the team back for our full reaccreditation in three years.

Yours sincerely

A handwritten signature in black ink that reads 'Kathryn Burnett'.
