14th February 2017

Dear Ms. Clapham

Re: Reaccreditation of the University of Sunderland pharmacist independent prescribing programme

On behalf of the University of Sunderland I was pleased to receive the decision of the Registrar of the General Pharmaceutical Council confirming the ongoing accreditation of the above course. It is noted that the single condition of the accreditation is now met and that there are no further conditions or recommendations. Additionally, the reaccreditation reports have been gratefully received and the comments contained within will be considered as part of our ongoing commitment to the course's development.

The University acknowledges that the accreditation for this course will remain in place until the end of January 2020.

May I take this opportunity to thank the accreditation panel for the constructive approach to the accreditation event in November and for the General Pharmaceutical Council's hospitality with hosting the event itself.

Yours sincerely,

Dr. Keith Holden
Principal Lecturer
